Pediatric
Group**

Dear Parent,

CHADIS is an Internet-based tool that allows you to complete a series of questionnaires to track your child's development. It also informs your provider of topics you would like to discuss with him or her. The CHADIS questionnaires can be completed in just a few minutes in advance of your child's appointment, giving his or her provider the opportunity to review your answers ahead of time. These developmental questionnaires are recommended nationally by the American Academy of Pediatrics and we are glad to be a leader in providing them to you.

To use CHADIS, please register at www.CHADIS.com. On the home page of the CHADIS website, click "New Users Register Here" and as a new user, you will be asked to enter the "Invitation Code" that links to our office. This is our office telephone number:

Crofton: 410-721-2273

Once you enter the site, you will be asked to create a username and password for your child. We suggest using your email address as the username. Write your username and password below and please keep this letter.

My Child's CHADIS Username	My Child's CHADIS Password
----------------------------	----------------------------

If you have a well-visit appointment within the next two weeks, please go to the CHADIS website before your appointment. Your provider will have assigned a questionnaire appropriate to the current age of your child.

As a partner in your child's healthcare, your input is essential in helping us to provide your child with the best care possible. As always, we are dedicated to this goal and we feel CHADIS is a great tool for achieving it.
